

201 - FURNITURE POLISH

FURNITURE POLISH can be used for cleaning and care of polished, varnished, painted furniture including antique mahogany and old oak furniture, to modern laminate furniture. The polish has a high cleaning effect, protects the surface with a dirt and water-resistant wax coating and provides a long-lasting glossy shine. Regular wiping with a dusting cloth will maintain the deep gloss.

Instructions

Apply with a soft cloth in a thin layer and rub until all dirt disappears. After 5-15 minutes polish with a soft, clean cloth until bright.

Declaration

Contains: non-ionic surfactants, carnauba wax, silicone oil, pure aliphatic hydrocarbons and deionized water.

WARNING: Keep out of reach of children.

Conditioning

250ml (12 units/box) / 500ml (12 units/box)
